VII. Read letter dated 27th May 1907, from Revd. W. B. Trewhella, stating that the well is proposed to be sunk near the compound hedge at the back of the church at Gubbi, at an estimated cost of about Rs. 350 and that the well is intended for the Christian families at present living in and near the said compound and also for those who are about to live there. The Revd. W. B. Trewhella asks for a contribution of Rs. 150.

Resolution.—According to khaneshumari the population in the Mission bungalow compound and near the church is 49, but according to the statement of the population themselves it is 105. There are some wells about the place which the Mission or the people can deepen. As there are many large villages which are yet to be provided with wells, and as there is already a large drain on the resources of the Board, it is regretted that Mr. Trewhella's proposal cannot be complied with now.

VIII. Read Maddagiri Sub-Division Assistant Commissioner's yadi No. 1607, dated 12th May 1907, submitting for orders Koratagere Deputy Amildar's report proposing that the old and dilapidated chavadi that is obstructing the public drain in Holavanahalli Union may be sold by auction, and that a new chavadi be built in a separate place.

Resolution.—Approved.

IX. Read Tumkur Taluk Amildar's report No. 448, dated 24th June 1907, reporting that there is no income from the cattle-pound at Singrihalli village, Uradagere Hobli, and that it may be abolished and transferred to Honasigere village, where the shanbhog and patel have executed a mutchalika to build a new cattle-pound.

Resolution.—Approved.

X. Read and approved the list of District Fund works sanctioned during the months of May and June 1907.

XI. Read and approved list of estimates for works received from the Executive Engineer Tumkur Division, countersigned by the President.

XII. Read the list of District Fund works that remained incomplete on the 30th June 1907.

Resolved that the list be forwarded to the Secretary to Government, General and Revenue Departments, for obtaining the sanction of Government.

XIII. Read and recorded Government Proceedings No. 478-87—L. B 127-06-7, dated 15th July 1907, directing that questions pertaining to the extension or shifting of villages and the creation of new ones be dealt with by the Revenue agency direct without the intervention of the District Boards.

XIV. Resolved that the next meeting of the Board be held on the 27th September 1907 at 3 P.M.
